**3437 SASAKI GREEN TEA COMPANY**

**Organic Sencha / Japanese Green Tea**

We made this Sencha loose tea leaf from organic green tea made in Shizuoka. One pack of this tea serves 25 cups of delicious, hot astringent green tea with just the right amount of Umami. It is natural and 100% gluten-free. We use a zip lock pack for easy storage.

**Organic Matcha / Japanese Green Tea Powder**

Organic Tencha from Shizuoka is carefully milled to make this delicious Matcha. As the grade of this Matcha is used for sweets, we put it into a zip lock pack. It is natural and 100% gluten-free. Blended with milk, this Matcha and sugar mix makes a wonderful instant Matcha Latte.

## 3443 Sugimoto Seicha Co., LTD.

Major Export Destination: U.S.A., Canada, EU, France, Germany, Mexico, Other Europe, U.K.,  
 Certification: ISO22000, Organic JAS, Kosher, FSSC22000, Canada Organic Non-GMO

### SA Organic Matcha

Available in two varieties - Organic Ceremonial Matcha and Organic Daily Matcha this organic finely ground essence of green tea is made from only the most tender organic tea leaves. SA Organic Matcha products are GMO free and Kosher certified products of Shizuoka Japan. Organic Ceremonial Matcha is best suited for traditional or formal settings such as tea parties or for those who indulge in only the finest and Organic Daily Matcha is best for casual preparations or for use as an ingredient such as in lattes smoothies ice cream and many other recipes.

### SA Japanese Green Tea "Organic Teabag Series"

SA Organic Green Tea Products are available in three traditional flavors: Sen Cha, Genmai Cha, and Hoji Cha. GMO-free, Kosher certified and 100% organic. Expertly produced from select leaves in the highlands of Shizuoka, Japan, at an elevation of 1,500-2,000 feet. Only spring harvest leaves are used for their sweet taste and rich umami. The teas come in high-quality compostable teabags with a long string for easy brewing in mugs and tumblers. Steeped in centuries of tradition, the knowledge and techniques of SA tea producers are reflected in these new organic products.

### USDA Organic Matcha

High-quality USDA organic and ceremonial grade Matcha from our contracted tea farm. The pull-top can with re-sealable lid secures freshness. Great for both hot and iced tea, and for cooking and sweets

### Houjicha Powder

Houjicha is produced by roasting green tea over high heat. The result is a savory tea with a refreshing roasted taste and virtually no bitterness. It contains the lowest level of caffeine of any Japanese green tea. We produced a fine powder from this Houjicha that is a convenient ingredient for sweets and Latte.

## Baird Brewing Company

**Major Export Destination** U.S.A., China, Hong Kong, Taiwan, Singapore, EU, Australia

### Baird Beer Wabi-Sabi Japan Pale Ale

This beer highlights the Japanese cultural aesthetic of "wabi-sabi" that informs all of our brewing. Its boldness of flavor is leavened with quiet simplicity and subdued refinement.

### Baird Beer Rising Sun Pale Ale

This hoppy, brisk and refreshing Pale Ale is indescribably complex while holding tenaciously to Japan's prime aesthetic value: balance. It is a perfect beer for drinking every day.

### Amazake

For more than 1,000 years, a sweet, thick beverage known as "amazake" has been produced in Japan. Recently, it has made a strong comeback in Japan because it is naturally nutritious. "Amazake" literally means "sweet sake," but when produced its either low alcohol or alcohol free. "Amazake" is a sweet, slightly fermented rice drink that can be mixed with Japanese tea and cream.

**Quick Matcha**

Using authentic Matcha powder and our special technologies, we have succeeded in developing an innovative and delicious new product, "QUICK MATCHA." Even though Matcha is the only ingredient (i.e. All Natural), it is granulated to dissolve in ice water more quickly. Moreover, we are now preparing to obtain organic certification. Freshness and flavor are as good as traditional Matcha powder. QUICK MATCHA is delicious, refreshing and convenient.

**Hokkaido Komb Extract Powder NV-203**

Dried kelp "Komb" adds the essential "UMAMI" to Japanese soup stock, "DASHI," which we've extracted and made into a powder. We're the No.1 producer of Komb extracts in Japan, and this is the most popular of our several extracts. Komb features the following: 1. Dried kelp harvested in Hokkaido, Japan. 2. No MSG. 3. Small quantity gives maximum taste. 4. High resistance to heating and suitable for ready-to-eat meals. 5. Gluten-free and suitable for vegetarian dishes.

**Konjac Noodle (Ramen Style)**

Konjac Noodles are Ramen-style noodles with rice powder. Konjac Noodles are square, similar to Italian 'Kitarra,' low in calories (less than 10kcal per 3.5oz), gluten-free and low in carbohydrates. Reduce your calories with Konjac Noodles. We have minimized the unique smell of konjac, and now Konjac Noodles can be used in countless dishes, including pasta, salads, fried noodles and Japanese style hot-pot-cooking, just to name a few! Preparation is very easy. Just wash with water and drain well before use. Konjac Noodles are unique because they do not soften as quickly as traditional noodles and pastas, and they retain their 'al dente' texture much longer. Enjoy delicious taste and easy cooking!

**Address** 152, Nanjai, Tomioka-shi, Gumma, 370-2464 JAPAN

**Magic Shirataki Noodle**

(1) Just 90 seconds in hot water or the microwave and it's ready to eat. (2)The vacuum-packed design does not require draining, rinsing or boiling.(3) Flavorless with no pungent fishy smell and designed to absorb desired flavors and sauces.(4) Improved texture and unlike other noodles, it is not soggy or jelly-like even if left out over time. (5) Gluten-free and wheat-free.

**Magic Shirataki Rice**

1. Our special manufacturing technique cuts the typical konjac odor completely. 2. The contents and package are sterilized for long-term preservation that is hygienically safe and secure. 3. No water comes out after cooking, thus there is no taste change or sticky texture. 4. Low calorie, only about 24% compared to normal rice. 5. Low carbohydrates, only about 20% compared to normal rice. 6. By using specially processed soybean ingredients and selected starch, the texture is similar to rice.

### Ogata Farm Products & Processed Food Export Promotion Council

Ogata Village, Akita Prefecture, was established at the bottom of the Hachirogata Lagoon and transformed into 15,666 hectares of new land. The 52-kilometer embankment that surrounds the village is so vast that Tokyo's Yamanote line would fit right inside. Ogata Village is famous for its rice, but because consumption in Japan has been decreasing year by year, we established the Ogata Farm Products and Processed Food Export Promotion Council last year April to promote rice consumption all over the world.
