Providing information on government incentives

### Achievements (FY2003 - 2013)

Supported

over **11,000** projects

over **1,100**

startups by foreign companies

Share of successful cases by region

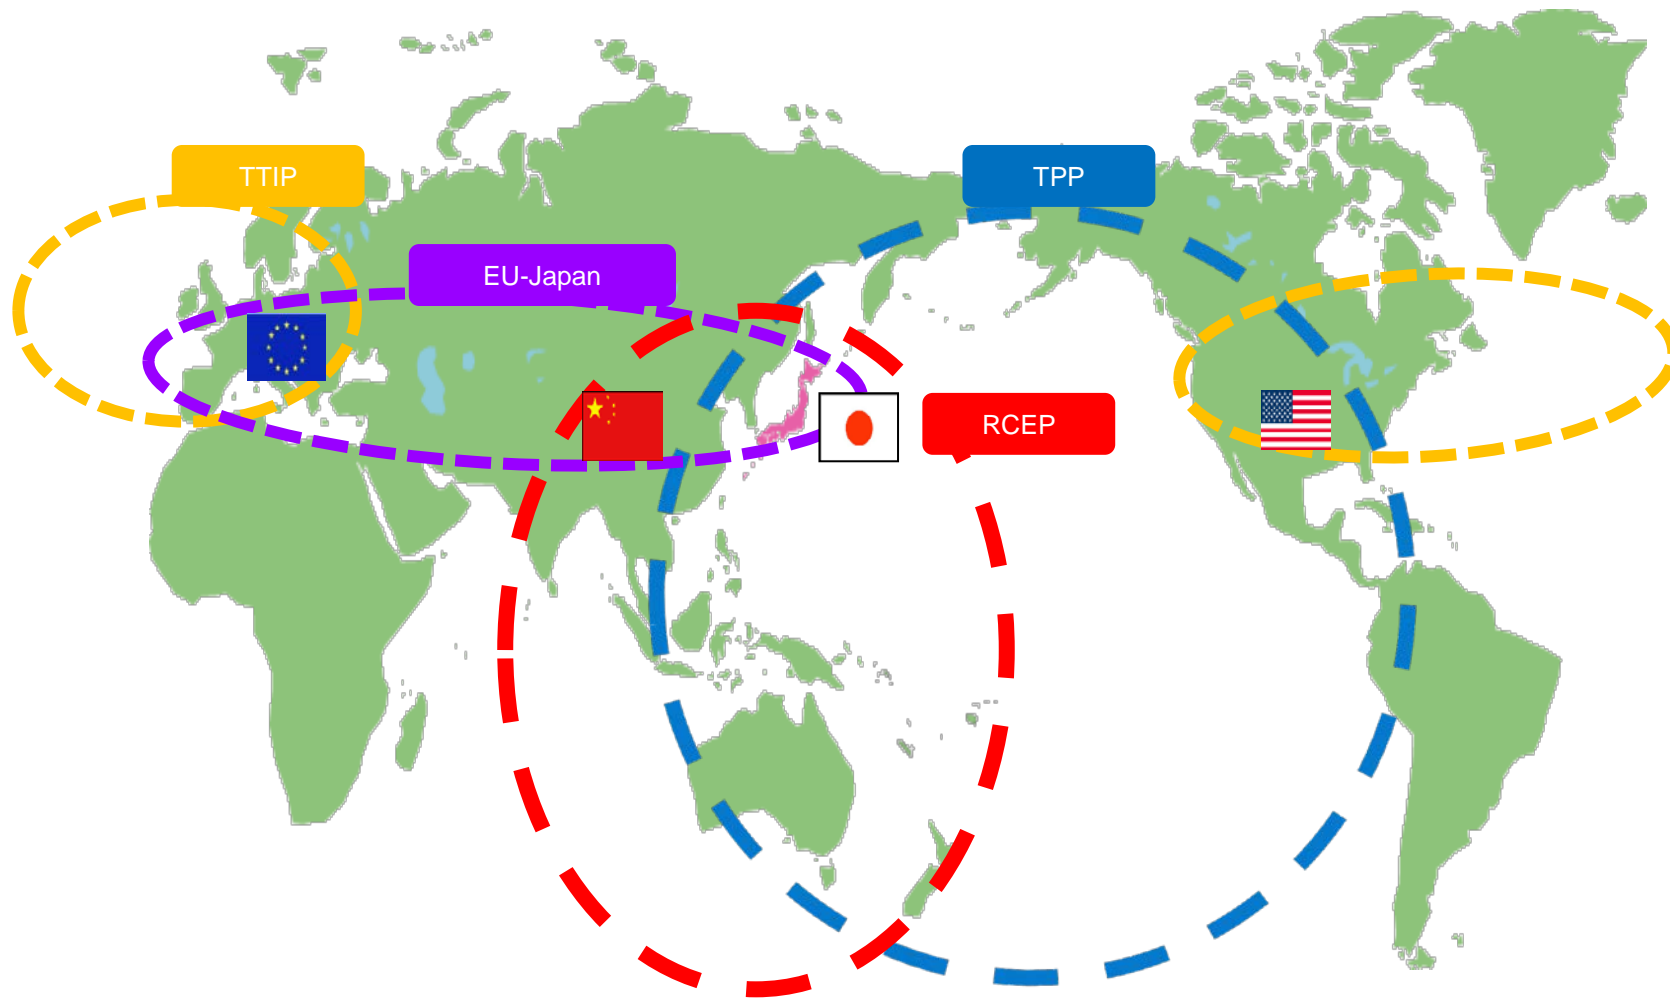

# EU-Japan EPA

Chancellor Angela Merkel is striving for the swift conclusion of a free trade agreement between the EU and Japan. 2015 would be “a good year” for it, she said . (...)

An agreement of this sort could improve trading relations and would thus be extremely important for Germany as a major exporting nation, said Angela Merkel.

**【German Federal Government after the Japan-German Summit April 30, 2014】**

# Four mega-FTAs

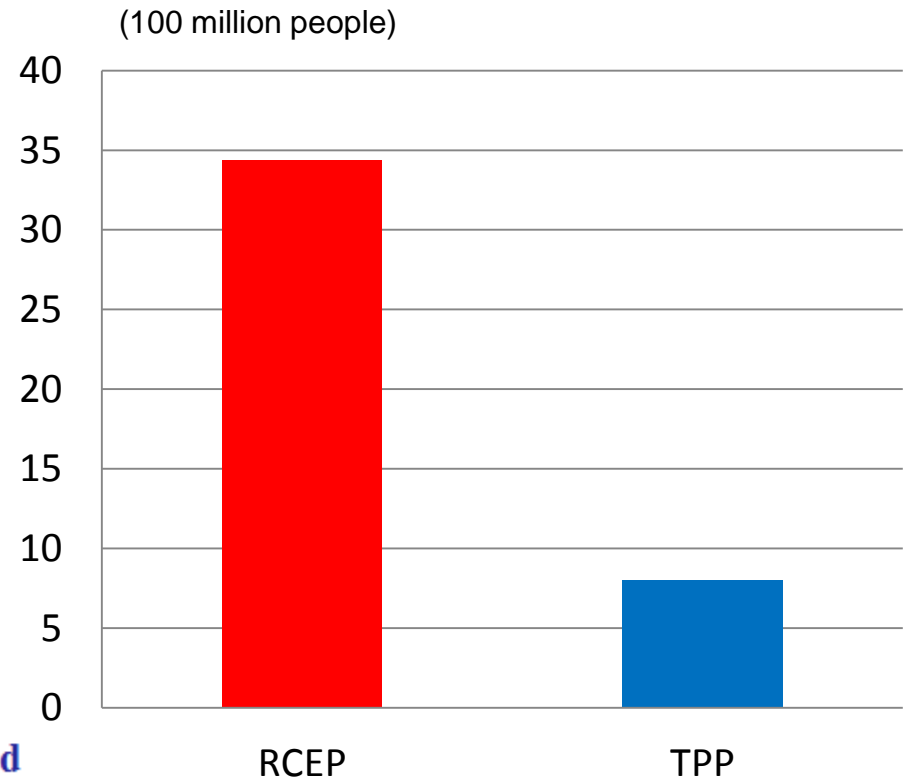

# Advantage of RCEP

## Wide economic coverage

## Growth potential

Population covered by RCEP and TPP  
(2013)

Source: WEO, April 2014 (IMF)

# Major distinctions of RCEP

1

**Based on actual needs of business  
in Asia**

2

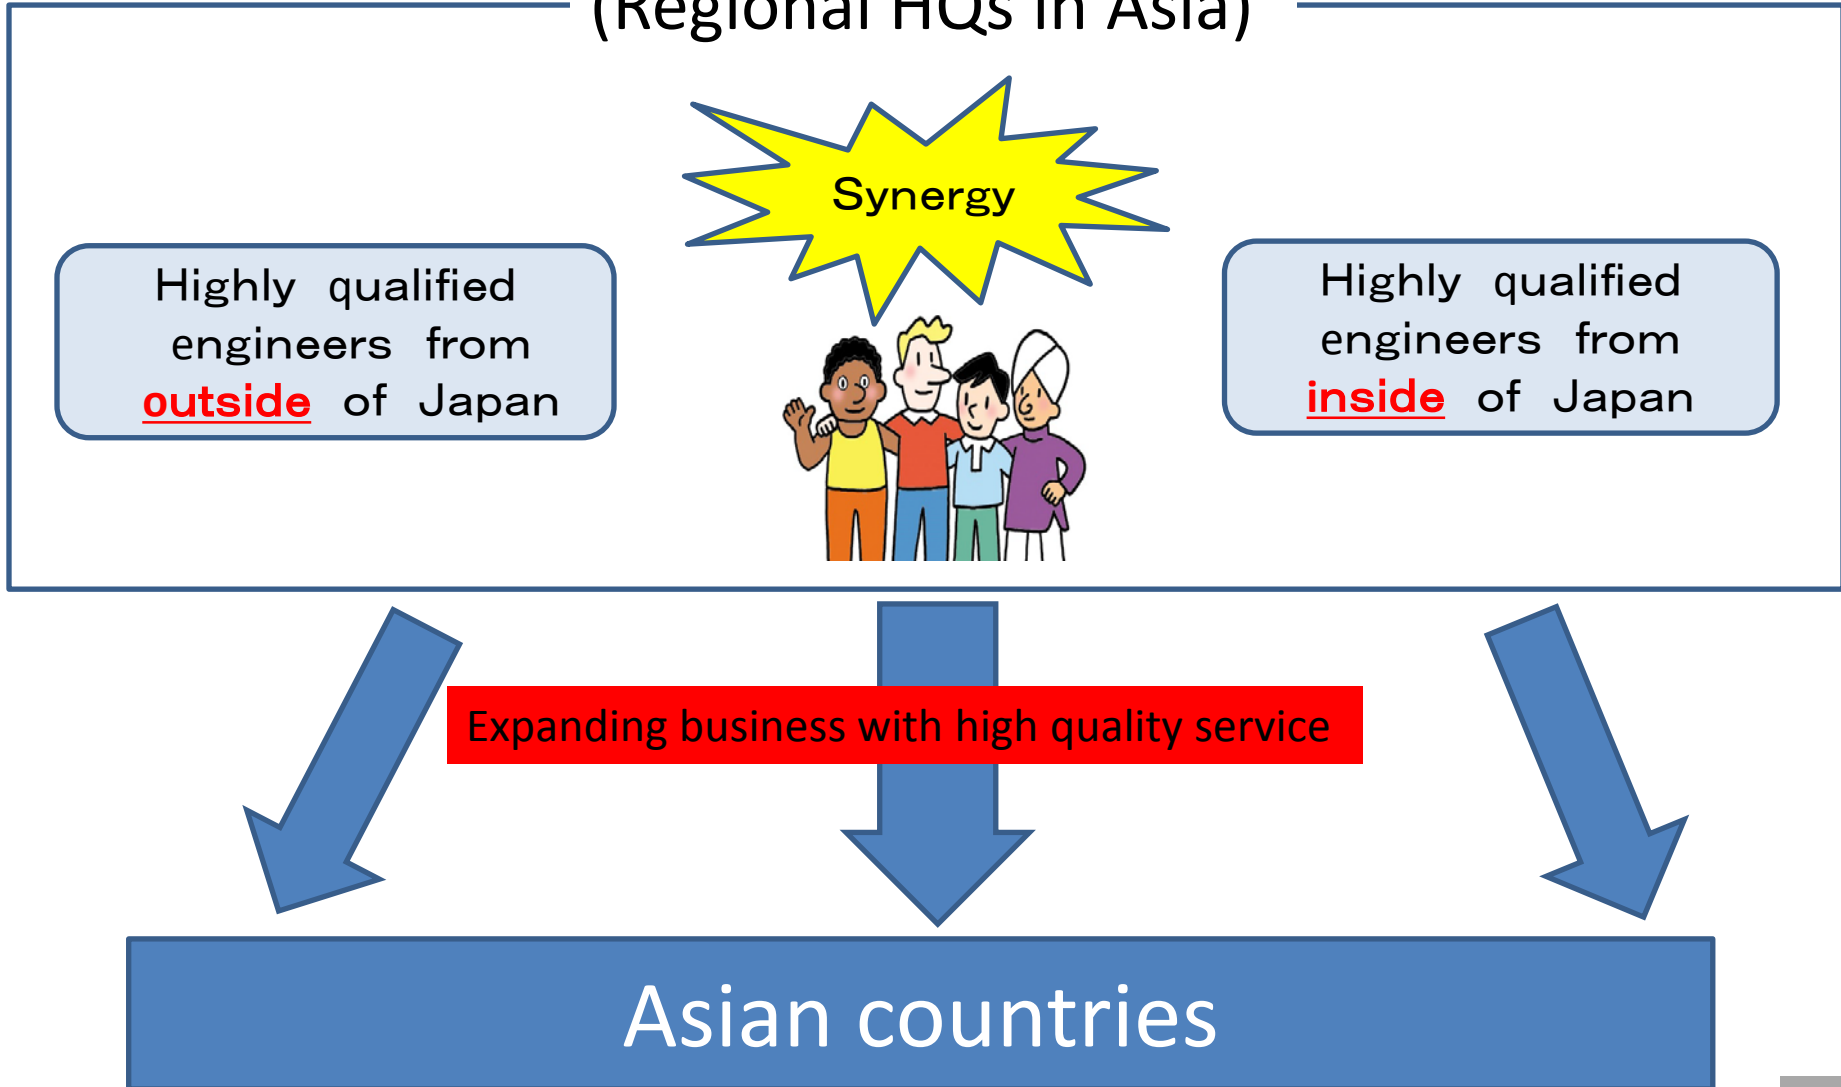

**Many companies establishing supply  
chains and sales networks in the  
region**

3

**Geographically close and deeply  
integrated economy**

# Expanding German business in Asia through Japan

## TÜV Rheinland Japan (Regional HQs in Asia)

# EU-Japan EPA/FTA for EU, Japan and emerging economies

The EU-Japan EPA/FTA is expected to realize harmonization of international rules as a bridge between Europe/Japan and Asia/other emerging economies.

# MOUs for mutual further export and FDI

JETRO signed MOUs with . . .

AFII (FRANCE) in June 2013

UBI FRANCE in June 2013

ICEX (Spain) in Oct. 2013

Czech Invest (Czech)  
in Nov. 2014

HITA (Hungary) in Nov. 2013

PAliIZ (Poland) in Oct. 2013

ICE (Italy) in Oct. 2013

and more in near future
