Our services
 AFFA Intellectual Property Rights - Indonesia & Timor Leste was established in July 1999 by experienced IP professionals, led by the late Achmad Fachry, who believed that the firm's total concentration in one field of practice would ensure the quality of the services it offer to its clients. The firm's current leaders Emriyab Dinar and Paris Syah Alan remains committed to this approach, which results in the team's technical expertise and vast experience in serving clients' requirements across national and international markets. Additionally, AFFA has strong international relations in almost any country in the world, enabling it to provide assistance with the protection of its local clients' intellectual property abroad and that of foreign clients in Indonesia. Members of AFFA are associated professionally with INTA, the European Communities' Trademark Association, the Intellectual Property Association of the Association of Southeast Asian Nations and the Licensing Executives Society.

In addition to IP matters, AFFA provides services related to general commercial law matters, registration with the Indonesian Food and Drug Authority, limited liability company establishment (local or foreign-owned), domain name registration, creation and review of licence and franchise agreements, and IP investigations.
